Database blocking when running list/extractions

Votes: 3

Suggested by: Alison Atkinson

### Comments:

- Jamie  
Keep an eye of extraction files in the T drive and clear out archives to help speed
- Jamie  
Inspect what elements might be the smoking guns--often things with Views really at the heart of it can slow things down
- WomenInTech Tessitura Community  
Try running in Test first to get an idea of how long it will take to run before scheduling in Prod
- Jamie  
standard routine for LEOS (lists extractions output sets) and clearing out older ones

Memberships on individual records versus household records
