Comments

- **Tom Brown**
Doing RMA type things sourcing data from T-Stats and Presenting in MS Excel
-

Using Heath's Churn Analytics Dashboard with Our Data

Votes: 4

Suggested by: Madeline

Actions

Comments

- **Madeline**
Heath from Sydney shared his dashboard and I have been spending some time digging in with our own data. Will share what more I find and adjust after our list data populates!
-

Project: Pulling Data from RAMP for Analysis Tool: R or Python Notebooks

Votes: 2

Suggested by: Tom Brown

Actions

Comments

- **Tom Brown**
Tom shared some early work on Using the REST API to pull data from an RAMP hosted server
-
