Summary

Nice group gathering today. We discussed:

- * How to learn about the Rest API.
- * Good Resources to read about data for executives
- * New Renew
- * Creation of a New Python Library and Learning Python as a community.
- * Best Practices for changing Custom [1-10] on Contributions.

Topics discussed

Where to start with learning how to use the API?

The first step is getting access.

Any good resources/reads on how to identify useful data for boards/execs? Our requested metrics change (at least!) monthly
