

analytic Coffee! Special Topic: RAMP bulk data for Analysis April 3, 2020 @ 12:00 noon

Date: 03 April 2020 - All items on the board

Time : 20:32 (UTC+00:00)

Facilitator

Tessitura User Groups 2

Attendees

Anna Wessely, Casey, Michael Dorsey, Chris Wallingford, Anna Wessely, Mary French, Madeline, Maery S., Sara Hoffman, Colleen, Sara Hoffman, Lital Yaacob, Nick, Heath, Chris Szalaj, Nicole Keating, L, Daniel Gomez, Carol Keeney

Summary

Thanks All for another Great Analytic Coffee Meeting today.

I want to send out a big thank you Anna W, Chris W, Chris S for joining us to share some of their perspectives on Bulk Data from RAMP.

We also discussed:

- Project Management in Times of Change
- Having tessitura Network staff setup SSIS to share data from RAMP
- Using REST API for data sharing from RAMP and other places.
- Building Call Lists for patrons outreaches.
- A leadership Transition in analytic Coffee.

Starting now Maery Simmons will be taking over analytic Coffee. Thank you Maery.

--Tom

Topics discussed

Technologies for bulk data load into SQL Server -- Azure, Amazon Big Data, moving data from SiSense MongoDB ...

- **Maery S.**
Mary French - We don't always go top down in morning all-calls.
 - **Maery S.**
Network is adamant about using webcams for meetings.
 - **Tessitura User Groups 2**
LSC is using Scrum / Agile. Trello. Google Hangout Meet.
 - **Tessitura User Groups 2**
Shorter Meeting.
 - **Tessitura User Groups 2**
Having a Moderator
 - **Casey**
AI Basecamp all the time
-

Can I use REST API to get data and How Much.

Comments

- **Maery S.**
Chris Szalaj indicated that REST API is limited to small packets of data - atoms of the large set you may need.
 - **Tessitura User Groups 2**
How do we get data to standard Tools like Tableau,
-

How hard and How expensive is the Setup of SSIS.

Anna Wessley - it's dependant on what you're doing. They are brittle and need a lot of support. If it's a simple data pull she suggests doing the save to file option. Worth a conversation with TN to see what you're trying to do.
 - **Daniel Gomez**
would love a deeper conversation with Tom, Maery, and others who want to explore the future and the known and unknown unknowns.
 - **Maery S.**
There's a tension between a lot of "We're don't quite know what we want to do with it yet, we just want the tools" and "we need specific use cases to develop the tools". Conversations need to be had to really dig into this as a community.
 - **Tessitura User Groups 2**
Looking for minimally Weather, GEO Coding , Holiday information for Attendance Forecasting
-

Planning the calls... all hands on deck - but don't cross the lists
