**Comments:**

How to display Contribution activity (count and amount) by List numbers?

Votes: 4

Suggested by: Sue Llende

**Comments:**

- AnalyticCoffee Tessitura Community  
When filtering by a list or constituency, use the Text filter. For example, to find list # 984, use the Text filter to search for ",984," to find everyone who is on 984. If you only search for #984, you will only get people who are ONLY on list 984 and not people who are on that list and others.

Payment Method Not Populating in Widget Help

Suggested by: Laura

**Comments:**

dynamic visualization of constituents with subs, broken down between new, lapsed, renew, churned, across fiscal years NOT using a list as a filter. (I've got it set up but its not lining up with reports from Imperssario DB?? and driving me nuts??)
