Votes: 5

Suggested by: Mindee

### Comments:

- Mindee  
PAHT from mobile or TNEW, coding to have a "dumb" barcode (usb scanner); laptop, scanner, recording attendance on season manager (no N-SCAN)
- Mindee  
Perf check, person check, marked attended

When you have WordFly \*and\* TNEW, how are you handling newsletter signups?

Does anyone use BOTH, and if so, how do you manage the new signups that happen in WF?

Signups happen in TNEW, Unsubscribes happen in WordFly (THANK YOU ANDREW)
